ABOUT ME

An active student at ITB STIKOM Bali with a strong interest in Website Development and Information Technology. Experienced in developing web applications using React.js, Next.js, Laravel, and Express, covering both frontend and backend development. Accustomed to working collaboratively in teams as well as independently on system development projects. Highly motivated to learn, adaptable to new technologies, and actively engaged in self-development programs such as training and online courses. Committed to continuously improving both technical and soft skills to support long-term career growth in the information technology industry.

WORK EXPERIENCE

Freelance Web Developer | 2024 – Present

- Develop and build websites for clients, including landing pages, company profiles, and information management systems.
- Utilize technologies such as React, Next.js, Laravel, and MySQL.
- Focus on responsive design and optimal page load performance.

PT Blacksand Villas, Canggu, Bali | May 2023 – June 2024

- Created data visualizations from Excel files using Power BI.
- Developed dashboards and charts to present data in a clear and understandable format, assisting the company in monitoring villa revenue and overall financial performance.

Intern at PT Bali Pustaka Digital (Iambehokky) | January 2021 – March 2021

- Designed and developed custom wedding websites using Laravel, and created visually appealing and user-friendly digital invitations using WordPress.
- Managed the company's Instagram account, including content planning, post scheduling, and audience engagement strategies.

PROJECT AND ORGANIZATION EXPERIENCES

PROJECT

Company Profile Website – Unity Visual | July 2025

- Developed a company profile website using HTML, CSS, and JavaScript, integrating Next.js and Tailwind CSS during the development process.

Bagus Baliku Transport Website | August 2024 – Present

- Responsible for the design, development, and management of the Bagus Baliku Transport website (bagusbaliku.com).
- Continuously enhance features and develop a responsive user interface to improve user experience and performance.

ORGANIZATIONAL EXPERIENCE

President – UKM KSR (Volunteer Corps) | January 2025 – December 2025

- Led and coordinated all organizational activities, including planning biannual Blood Donation programs, organizing new member orientation, coordinating across divisions, and making strategic decisions to address organizational challenges.

Board Member – UKM Progress | January 2024 – December 2025

- Served as a mentor in teaching and learning activities at Progress.
- Taught Basic HTML, CSS, and JavaScript to members.
